This is in response to a letter filed May 19, 2000, as to an inquiry about criminal liability of a potential patent infringement. The USPTO has no authority to determine whether there is potential criminal liability.

Additionally, the letter objects to the USPTO granting of U.S. Patent's No. 5,664,795 and Design Patent No. 375,706. If the petitioner desires to request a reexamination of a patent he should refer to 35 U.S.C. 302 *Request for Reexamination*.
